**ATC LONG DISTANCE
STATEMENT REGARDING
COMPLIANCE WITH FCC CPNI RULES
FEBRUARY 6, 2006**

The following statement explains how operating procedures observed by ATC Long Distance ensure that it is in compliance with the rules in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations.

In the twelve months ending December 31, 2005, ATC Long Distance did not use Customer Proprietary Network Information ("CPNI") to market services. ATC Long Distance's current policy is to refrain from using CPNI for marketing purposes. By declining to use CPNI for any of the circumscribed purposes identified in Subpart U of Part 64 of Title 47 of the Code of Federal Regulations, ATC Long Distance has not undertaken to obtain customer consent to use CPNI and, therefore, requires no formal system in place to differentiate those customers who have granted consent to use their CPNI and those customers who have not granted such consent.

ATC Long Distance has the following protection measures in place. First, ATC Long Distance undertakes periodic reviews of company practices to ensure that ATC Long Distance remains in compliance with CPNI rules. Second, ATC Long Distance requires that each of its employees adhere to company policies protecting confidential subscriber information. Third, ATC Long Distance trains its customer representatives to conform to confidentiality practices.
